## Preface

Dear Students:

It is a great pleasure, as the University Vice Rector of Quality and Development, to welcome you to the beginning of our academic year, 1430H - 1431H. As you begin your first steps into this prestigious university with the intention of acquiring knowledge, we look forward to facilitating an easy integration for you.

As the Vice Rector of Quality and Development, I am delighted to place at your disposal this simple academic guide booklet which consists of general information about the university. You will also find in this booklet information regarding admission and registration, university activities, services, procedures and policies of student affairs.

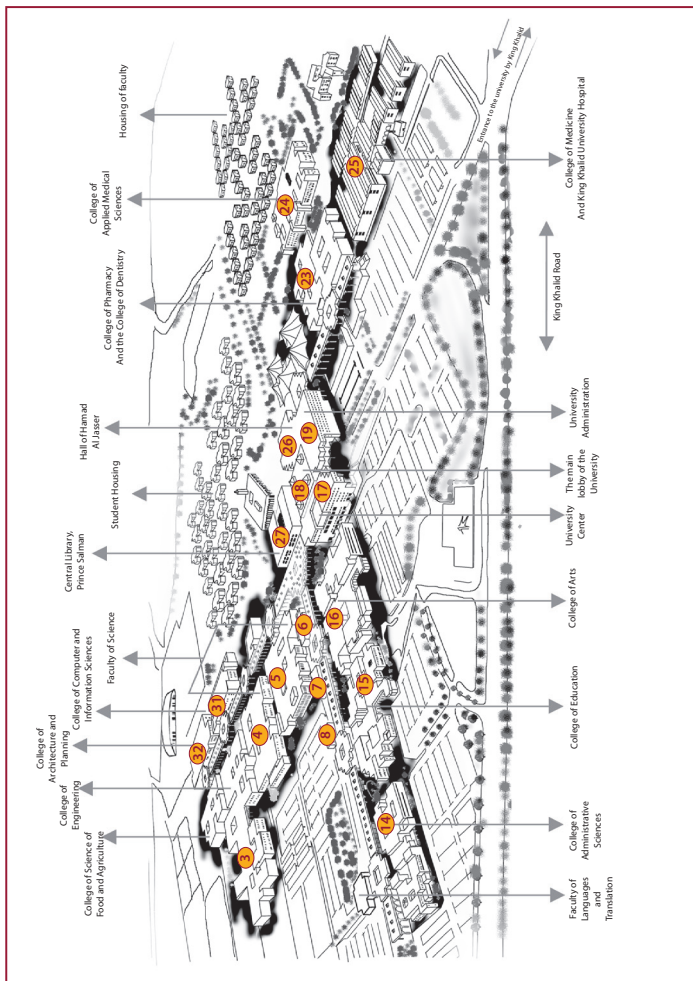

There is no doubt that this is the most critical stage of your life. It requires for you to be more precise academically and will ultimately determine your future and the role you play in serving your country.

Therefore, I sincerely encourage you to take full advantage of this blessed opportunity being presented to you while studying here at the university. I also encourage you to utilize, to your benefit, our highly professional and dedicated faculty staff members, distinguished technology and equipment as well as all other services provided by the university.

Lastly, I encourage you to do your best while being diligent and persistent, asking Allah, The Most High, to grant you guidance and success in all of your endeavors. Sincerely,

**King Saud University Vice Rector of Quality and Development,  
Dr. Hamad Ibn Mohammad Al Sheikh**

## Academic Guidance

The academic guidance service is essential in assisting students in achieving the goals of the university. The university encourages students to use utilize their talents to grow academically, psychologically, socially and morally. It also aims at preparing the students in accordance with their academic aspirations, potentials and societal values.

The academic guidance is a key activity within the university to discover students' inclinations and potentials. It also determines students' goals and helps them plan their future in accordance with their talents.

Accordingly, the students will grasp the skills necessary for their prospective future careers. There is no doubt, the philosophy of the academic guidance emerges from its objectives. Firstly, academic guidance aims to present the university's academic programs, rules and regulations inside the campus and the social and sportive atmosphere to the students.

Secondly, it explores the academic aspirations of the students and their potentials and provides them with the opportunity to benefit from the experience of the faculty staff members.

Thirdly, it helps the students solve problems in a methodical and logical manner. Lastly, it provides the students with the information and skills necessary to achieve their prospective career goals and helps to enhance the talents they possess.

The academic guidance looks forward to positive changes in the student's attitude toward the cultural, social and vocational values of his society.

It also helps the student to discover his needs and enable him to make his own decisions in relation to choosing the suitable field of study.

Students will be capable of overcoming the difficulties facing them during their studies

The good relationship resulting from continuous interaction between the students and their academic guides helps them to adapt and benefit from the environment of the university in a methodical, social, vocational, sportive and ethical manner.

This relationship increases the loyalty of the students to their awareness institutions.

The institutions of higher education mostly rely on the experience of their staff members in guiding the students in academic issues such as: choosing the suitable field, providing the students with suggestions and advice that will improve their academic performance.

In addition, the institutions of higher education helps the students in choosing the suitable courses, informing students about the changes in the requirements and the academic regulations as well as assisting the students in solving their academic and administrative problems. Finally, they explore the students' potentials and skills to enhance individual creativity.

It is worth mentioning that the university students receive a New –Student Academic Guide Book at the beginning of each year.

## Deanship of Admissions and Registration Affairs

---

### Introduction

The Deanship of Admission and Registration Affairs was established in 1394 H. It plays an important role in the process of admissions and registration of students and maintains complete documentation of their academic progress.

The Deanship also has a website which includes the Deanship announcements, important forms, rules and regulations. It is highly

encouraged for both male and female students to frequently visit the website.

The Deanship recently launched the new academic system project ( **Edugate®** ) and the electronic gate of the academic system ( **Edugate®** ). The latter enables students to use many services such as register courses, canceling courses, modifying the schedule, confirming registration and printing the schedule.

**The Deanship of Admissions and Registration consists of many entities all seeking to serve students in relation to their academic affairs. They include:**

1. Department of Admissions
2. Department of Registration and Documentation
3. Graduate Affairs and student Services
4. Department of Student Stipends
5. Branch Follow-up Department
6. Computer Science Department
7. Finance and Follow-up

- It issues academic records and documents them.
- It issues student certificates and documents.
- It issues a graduate guide.
- It makes automatic registration.
- It issues student schedules.
- It issues student schedules and attendance sheets and sends them to the respective colleges.
- It receives and replies to inquiries from various colleges concerning registration.
- It issues result forms at the end of each semester.
- It processes the lists of graduates and those who have registration problems.
- It issues student identification cards.
- It deposits student allowances in their

accounts at the end of each month and distributes the ATM cards through the respective colleges.

- It provides the Deanship responsible for the graduation ceremony with the necessary information they need.

## E-Admission

Male and female students have been electronically admitted since the academic year 1430/1431 H. 2008/2009. The e-admission starts when students apply on the internet and ends when their files are sent through the e mail. There is no need for students to go to the university except those respective colleges that desire interviews from students.

E-admission was adopted to eliminate the traditional procedures of admission and registration, as it saves time and energy.

## Admission Conditions:

The Deanship of Admissions and Registration Affairs receives the applications for admission in accordance with the following conditions:

1. The student must hold the general secondary certificate (i.e. High School Diploma) or any equivalent from inside or outside the kingdom of Saudi Arabia.
2. The general secondary certificate or any equivalent must not be more than 5 years old.
3. The student must have good behavior and conduct.
4. The student must successfully pass the examination or the interview held by the senate.

5. The student must be medically fit.
6. The student must obtain the approval from his employer allowing him to study if he works in the public or private sector.
7. The student must meet any conditions assigned by the senate at the time of registration.
8. The student should not have been expelled from any university due to disciplinary or academic reasons.
9. The student who already has a bachelor's degree or any equivalent will not be admitted for another bachelor's degree. However, the senate is entitled to some exceptions.

The selection occurs between the applicants who meet the conditions on the basis of their scores (the general secondary certificate examination, the admission tests if they are available, and the special rate. in addition to the general potential tests).

## Procedures for E-Admission

1. The students must undergo the necessary tests held by the National Center for Measurement and Assessment.
2. The student must read the admission conditions through the university electronic gate or the deanship of admission and registration website <http://dar.ksu.edu.sa>
3. The students fill in the form with the necessary data and the desired courses of study through the e-admission website within the allotted period of time.
4. When the period of admissions is over, the students will be admitted on the basis of those who have met all the admission requisites and those who have not. Admission depends on the equivalent average and the desired college.
5. Passing the personal interview is a must in some colleges.
6. After the respective evaluation, admitted students are informed through e-mail and mobile messages (SMS). The students receive information about the colleges and fields of study where they were selected. Admitted students must visit their accounts through the university electronic gate to print the form of nomination and the application form.

## Registration

The students can automatically register the desired courses during every academic semester. The students may enter the academic system gate by using a user name and password to cancel courses, add courses, modify the schedule, confirm registration and print the schedule. The student must confirm his registration within the first week of the semester. The minimum load is (12) units and the maximum is (20) units. The student who is not willing to study in the first semester or in any semester must apply for withdrawal, otherwise he will fail in the courses of that semester. If the student encounters any problems concerning his registration, he must go to his academic guide or to the Student Affairs office in the college.

## Absences and Warnings

1. Absences are counted from the first day of the semester. The student must regularly attend all lectures and practical lessons. The student will not be allowed to continue the course or participate in the final examinations if his percentage of attendance is less than (75%) of the lectures and practical lessons allotted for the course. The student who is deprived of attending the final examination will fail that course.
2. The student will receive an academic warning if his accumulative average doesn't go beyond (2.00) and he will be expelled if he receives three consecutive warnings.

## Expulsion from University

The student shall be discharged from university in the following cases:

1. If the student receives a maximum of three academic warnings due to his low accumulative average (less than 2). The student may have a fourth chance to increase his accumulative average assuming that he will obtain 48 points by studying 12 units. This process is automatically calculated.
2. If the student does not finish the university requirements within a maximum of half the duration allotted for his graduation. In addition to the program duration, the college council may give the student an additional chance to finish the university requirements within a maximum of double the duration allotted for graduation, based upon specific conditions:

## Leave of Absence

Students are allowed to be excused from the semester for a period not exceeding five weeks or eight weeks (for students in the academic year system) prior to the beginning of the final examination if he submits an excuse acceptable to the college council.

The student must complete all the appropriate procedures and submit the form to the Department of Documentation in the Deanship before the deadline.

The Deanship requires the consent of the female student's guardian when she applies to be excused. The duration of absence is counted within the duration required for fulfilling the requirements of graduation.

The student must obtain the approval of his employer if he works or has a scholarship when applying for a leave of absence. A visiting student will not be approved for leave of absence during the semester if he studies outside the university.

## Study Postponement and Suspension

The student is allowed to apply for postponement before the end of the first week of the semester, if he presents an excuse acceptable by the dean, and the postponement duration must not exceed two consecutive semesters or a maximum of three inconsecutive semesters.

The students applying for postponement during the academic year are not allowed to postpone two consecutive years or more than a maximum of two inconsecutive years throughout the duration of study, otherwise, the student's file will be cancelled and he will be terminated from the University.

The postponement is not calculated within duration necessary for fulfilling the requirements of graduation.

## Graduation

The Deanship of Admissions and Registration Affairs prepares the graduation report (i.e. memorandum) at the end of each semester and delivers it to the university council to be approved.

Students will not graduate unless they obtain the approval of the university council.

The prospective graduates must go to the Deanship of Admissions and Registration Affairs to make sure that they have fulfilled the requirements of graduation and to fill in the form related to the graduation book within the first week of the semester in which graduation is expected.

They must submit the following:

1. One photo (4x6): (for male students only).
2. One copy of Passport (page one, for those who want to write their names in English).
3. Identification card (one copy for Saudi male students) or Family notebook for Saudi female students.

The university invites you to attend the graduation ceremony. The graduate student must go to the Deanship of Admission and Registration Affairs file section and obtain a clearance letter to be signed by the respective Departments.

## Conditions for Obtaining First/Second Honor Rank

1. The student should not fail in any course he has studied in the university or any other university.
2. The student should fulfill the university requirements within a maximum of the average duration expected for graduation.
3. The student should study at King Saud University a minimum of (60%) of the graduation requirements.
4. If the student meets the conditions above and he scores an accumulative average ranging from (4.75) to (5.00), he will be granted the first honor rank. However, the student who scores an accumulative average ranging from (4.25) to less than (4.75) is granted the second honor rank.

## Transfer

### **A: Transfer from one university to another:**

Upon the approval of the Dean of the particular college that the student is transferring to, the student will be admitted into the university in accordance with the following requisites:

- 1- The student should have studied at an accredited college or university.
- 2-The student shall not be admitted into the university if he is transferring for disciplinary and/or academic reasons.
- 3-The student shall meet the transferring conditions specified by the college council.
- 4- The number of required units the transferred student should study at King Saud University should not be less than 60% of the total units required for the bachelor's degree by the university.
- 5-The college council equates courses that the

student has studied out of the university according to the recommendation of the Deanships' councils.

The equated courses are registered in the student's academic record, but they are not calculated in his accumulative average.

6- If it turns out after the transfer that the student was dismissed for disciplinary or academic reasons, his registration is cancelled from the date of his transfer to the university.

7- Transferring the student occurs in any semester from one university to another in accordance with the aforementioned procedures and the dates which he is transferred to the university shall be in accordance with the general conditions of transfer.

### **B: Transfer from One Faculty to another inside the university:**

Firstly, this process will occur by the approval of the Deans of the two respective faculties.

The student is allowed to transfer in accordance with the conditions determined by the college in which student is willing to transfer to.

Secondly: all courses previously studied by the student along with the scores and accumulative averages are fixed in the academic record of the student who is transferred from one college to another.

### **C: Transfer from one course of study to another within the College:**

Upon the approval of the dean of the college, the student is allowed to transfer from one course of study to another in accordance with the conditions set by the college council.

All courses previously taken by the student, along with the scores, accumulative and semester averages are all fixed in the academic record of the student during his university study.

## Monthly Stipends

1. All Saudi national students are granted stipends at the undergraduate and postgraduate levels of study provided they do not work in the public sector. In addition, the scholarship students from abroad and the students from Saudi mothers are also granted monthly stipends. The stipends are deposited in the bank and the students are issued ATM cards by their respective colleges. The stipend is 1000 Saudi Riyals for students of scientific studies, 850 Saudi Riyals for the students of humanitarian studies and 900 Saudi Riyals for postgraduate students.

2. Stipends are issued during the regular period of the program assigned for graduation on the basis of the study plan approved by the university council. Example: The regular duration of the college of arts is four years. The regular duration starts from the time of admission into the semester including withdrawal and transfer

semesters but not postponed semesters.

3. Stipends are not granted during the summer semester unless the student registers in the summer semester or studies the second semester preceeding the summer semester.

4. Stipends are not granted to students who withdraw from or postpone the semester.

5. Stipends are not granted to the students who received academic warnings due his accumulative average being less than (2.00).

6. Postgraduate students are granted exceptional stipends of 900 Saudi Riyals for reference books and materials as well as an additional 3000 Saudi Riyals for printing the thesis and 4000 Saudi Riyals for printing the dissertation once a year.

7. Students who score an excellent average consecutively (i.e. both semesters) in one year are granted an extra allowance.

8. 10 Saudi Riyals are deducted from the allowances for the students fund.

## Disability Allowance:

Disabled students are granted an additional stipend for disabilities. The stipend is divided into two classes:

- First type: students with severe disabilities.
- Second type: students with moderate disabilities.

These types of disabilities are classified by the Ministry of Labor and Social Affairs. Disabled students apply for a disability allowance at the Deanship of Student Affairs.

## Reference Letters

Reference letters are issued to the students for various purposes by the Deanship of Students Affairs. The Deanship of Admissions and Registration Affairs issues the letters referring to the students academic status in the university and letters necessary outside the kingdom.

## Student University I.D. Cards

Freshman students are granted university I.D. cards so they can:

- Maintain proof of identity within the campus of the university.
- Receive the monthly stipends issued to each student.
- Borrow books from the library.
- Purchase books from the book store inside the university.
- Enter the sports facilities available on campus.
- Participate in examinations.
- Enter the campus restaurants and living quarters designated for university students.

By announcing the appointments designated for the issuing of student I.D. cards, for the admitted students, every student must submit the admission form and the identification card to the Student University Card Office in the Deanship of Admissions

and Registration. Every student must protect and maintain his card from being lost or damaged.

### Procedures for Replacing Lost Cards

1. The student signs a statement that he has lost his student I.D. card. He pledges to return the new card in the event he finds the card he lost initially. The student will be subject to punishment if he allows someone else to use his card during his study or after graduation.
2. The student writes a report illustrating why and how he lost his card.
3. The student must announce that he has lost his student I.D. card in the University newspaper or in any of the local newspapers if the university newspaper is not published. The procedure start one month after the announcement.

## Withdrawal from University

The student can completely withdraw from the university if he finishes the clearance procedures, returns the student I.D. card and brings his identity documents to restore his file.

If the student is willing to re-register in the university after withdrawal, he will undergo the regulations of suspension.

When a student withdraws from the university, he must take the following points into consideration.

1. The period of his withdrawal from university is counted as if he was suspended from study.
2. The student who withdraws from university will not be granted a stipend until he registers in a new semester.
3. Monthly stipends are not granted during the summer semester unless the student

registers in the summer semester.

4. The student must submit a letter of clearance concerning housing, library and other university facilities.

## Semester Average and Accumulative Average

**Semester Average:**

The result of dividing the sum of points obtained by the student by the number of units representing the courses the student has studied in any semester.

The points are calculated by multiplying the academic unit with the equivalent grade the student gets in each course.

**Accumulative Average:**

The result of dividing the sum of points obtained by the student in all the courses that he has studied by the number of units representing these courses.

## Examinations and Grading

The council of the college that teaches the course may allow the student to study the requirements of any course in the following semester on the basis of a recommendation by the instructor of the course.

The student then receives (IC) grade in his academic record and it is not calculated in his semester average nor in his accumulative average unless he fulfill the requirements of that course. If one academic semester passes without changing the (IC) grade in the student's record due to not fulfilling the course, the (IC) grade is replaced by (F)

which is calculated in his semester average and in his accumulative average.

The mark of class work is calculated in these two ways:

- Oral exams, practical exams, researches, class activities or all of these choices or some of these choices in addition to at least one written exam.
- At least two written exams.
- If research courses entail more than one semester, The student receives (IP) in his record.

By fulfilling the requirements of the course, the student will obtain the grade of that course. However, if the student cannot fulfill the course within the allotted time, the council of the college may approve an (IC) grade in his record.

### •The grades are calculated as follows:

Points	Grade	Course Grade	Mark
5.00	A+	Excellent Plus	95 - 100
4.75	A	Excellent	90 less than 95
4.50	B+	Very Good Plus	85 less than 90
4.00	B	Very Good	80 less than 85
3.50	C+	Good Plus	75 less than 80
3.00	C	Good	70 less than 75
2.50	D+	Pass Plus	65 less than 70
2.00	D	Pass	60 less than 65
1.00	F	Fail	Less than 60

1. The general grade of the student when he graduates (based on his accumulative average) shall be as follows:

- Excellent: if the student's accumulative average is not less than (4.50).
- Very Good: if the student's accumulative average ranges from (3.75) to less than (4.50).
- Good: if the student's accumulative average ranges from (2.75) to less than (3.75).
- Pass: if the student's accumulative average ranges from (2.00) to less than (2.75).

The first honor rank is granted to the student who scores an accumulative average ranging from (4.75) to (5.00) at the time of graduation. The second honor rank is granted to the student who scores an accumulative average ranging from (4.25) to less than (4.75) at the time of graduation.

## **Final Examination**

### **Procedures are as follows:**

1. The student shall not attend more than two examinations within the same day.
2. The student is not allowed to attend the examination half an hour after the examination session begins. He is also not allowed to leave the examination hall before a minimum of half an hour from the initial start of the examination.
3. Cheating or violating the rules and regulations of the final examination are violations that entail disciplinary action based upon the disciplinary system issued by the university council.
4. The council of the college that teaches the course (in necessary cases) approves re-marking answer sheets within a duration not exceeding the beginning of the following semester.

### **Restrictions of Re-Marking Examination Answer Sheets:**

1. The student may apply to the department that presents the course to re-mark his answer sheet which will be referred to the college council within a maximum of one month after the end of the final examination.
2. The student may not apply for a request to re-mark his answer sheet beforehand, as his request will be invalid.
3. The student must not apply for re-marking the answer sheets for more than one single course during one semester.
4. A written form is filled out including the items 1,2,3 stated above in addition to: student's

name, I.D. number, course number(s), course code(s), course name(s), branch number, the semester, absence rate, accumulative average, warnings, instructor's name, examination date, reason(s) for re-marking request and a pledge from the student regarding the accuracy of information submitted in the form.

5. In case of approval, the college council constitutes a committee including at least three staff members who will re-mark the answer sheet(s) and present a report to the college council who will give a final decision.

### **A Sample of Calculating the Semester Average and the Accumulative Average for the First Semester**

Points	Course Grade	Grade	Mark	Units	Courses
9	4.50	B+	85	2	Islamic
9	3.00	C	70	3	Chemistry
14.25	4.75	A	92	3	Math
16.00	4.00	B	80	4	Physics
48.25				12	Total

First semester average sum of points (48.25) = 4.02

Sum of units (12)

## Second Semester

Points	Course Grade	Grade	Mark	Units	Courses
10	5.00	A+	96	2	Islamic104
12	4.00	B	83	3	Chemistry327
12	3.00	A	71	4	Math 314
12	4.00	B	81	3	Physics326
46				12	Total

Second semester average:      sum of points (46) = 3.83

sum of units (12)

Accumulative average:      sum of point (48.25) + (46) = 3.93

Sum of units (12) + (12)

## Deanship of Student Affairs

### Introduction

The Deanship of Student Affairs is one of the most profound supporting Deanships in the university.

It supervises a broad number of programs and services to assist in the process of learning in the university. The Deanship aims to prepare the most ideal academic environment for students to increase their academic experience, train the students in other additional fields to develop their skills,

boost their mental and physical potentials and produce graduates who are productive citizens capable of competing at the academic, vocational and professional levels.

The Deanship was established on 16/8/1385 H. as simple department for student affairs. It was developed into a deanship in the academic year of 1392/1393 H. The first law of regulations and instructions pertaining the Deanship of Student Affairs was issued on 1394 H. to illustrate it's goals and activities.

## Vision:

The Deanship of Student Affairs presents a wide range of distinguished extracurricular programs, social care programs training and qualifying programs to produce a distinguished generation of students in the academic and professional fields, who have high standards of competition.

## Message:

1. The Deanship provides qualified individuals and an array of financial resources to achieve the goals of the University.
2. It constitutes the administrative structure that provides the extracurricular and care services to students.
3. It prepares the plans of annual extracurricular activities that satisfies the goals of the University which concentrates completely on the care of the students.
4. It participates in the preparation of rules, regulations and instructions that organizes the process of student affairs.

## Goals:

1. The Deanship of Student Affairs participates in the process of preparing students to achieve a distinctive and balanced character.
  2. It improves their consciousness and helps them to develop a general sense of belonging to their respective countries.
  3. It enhances their potentials and talents and directs them to take advantage of their free time.
  4. It provides the students with cultural, technical, social and sportive services.
  5. It provides the students with medical and physiological assistance.
  6. It provides suitable housing as well as healthy nutritional assistance to the students.
  7. It helps them to appreciate the positive aspects of life.
  8. It plans and executes the activities by way of integrated committees and clubs.
- Accordingly, the professor with his knowledge and skills and the social supervisor, with his experience and understanding, meet with the student and devise an appropriate activity plan.

## Departments within the Deanship of Student Affairs

### **Department of Extracurricular Activities (i.e. Electives):**

Cultural, Social, Scientific and Artistic Activities Department includes the following sections:

- Theatre section
- Scouts section
- Social service center (Anti-Smoke Clinic and Blood Donation Centre)
- 2. Sports section
- 3. Computer Center & Student Hobbies

### **Department of Student Services:**

- Department of Student Housing and Nutrition
- Department of Female Student Housing
- Department of Nutrition
- Department of Student Housing
- Department of Student Funds

### **Department of Student Care:**

- Department of Orientation and Student Guidance
- Department for Disabled Students
- Departments of Scholarships and Foreign Students
- Department of Student Funds

## **Extracurricular Activities and Student Care Programs (Services provided by the Deanship):**

### **1. Student Rights Protection**

The university has provided a department specifically for defending the rights of students. This department aims to support the legal rights of students. It consists of a permanent committee, branch committees throughout the various colleges in the university and a higher committee that investigates students' complaints and grants final decisions after thorough consideration. The university issues a document to every student informing them of their rights and responsibilities. If the student has a complaint, he has to communicate his complaints to the Committee for Student Rights Protection Branch in his

respective college. The student may also pursue his complaints with the Permanent Committee for Student Rights Protection at building #17 on floor #4 in the University Center.

### **2. Student Counseling Committee**

The University has provided the students with a consultative council that consists of representatives from all the various colleges on campus and is headed by the University Rector. The council aims at building strong relationships between the University and its students, which will improve the educational and academic process. It will also present necessary advice and consultation to the Rector in all aspects. The students keep in touch with their representatives to discuss all issues of concern.

### 3. Student Clubs

Student clubs are important gatherings in which students discover and develop their talents. In addition, they encourage student ingenuity and creativity. The clubs are technical, cultural, social, sportive and artistic centers that give the students the opportunity to practice these activities inside and outside the University. The clubs encourage students to disclose their creativity and present their achievements to become assets to their country. The clubs are:

1. Law Club
2. Reading Club
3. Information Technology Club
4. Scientific Club
5. Literary Club
6. Artistic Club

Note: Currently there are other clubs being reviewed for consideration
